

# Safety & Health Conference

Empowering Commitment to Champion Safety & Wellbeing

16-17 January 2024, DWTC

## Event Overview

In an ever-evolving world, the safety and health industry remains dynamic, adaptive, and forward-looking. Its impact extends from the individual level to societal well-being, ensuring that people thrive in safe environments. As industries evolve and challenges change, the safety and health sector continues to innovate, collaborate, and lead the charge toward a safer and healthier future.

At **Intersec Safety & Health Conference**, we explore the latest trends, innovative solutions, and best practices that empower organizations to champion workplace safety and well-being. Through our immersive 2-days program, we aim to create environments where individuals thrive, organizations prosper, and safety becomes a shared priority.

Bridging the gap between theory and practice the event will continue to foster a community committed to shaping the future of occupational safety and health excellence through its thought provoking panels, inspirational keynotes and visionary best practice guidance.
