safety, environmental, risk and  
wellbeing qualifications

# There's never been a better time to join over 265,000 people who have the NEBOSH International General Certificate in Occupational Health and Safety.

This qualification is designed to meet the needs of today's employers, giving learners everything they need to know and do to make their workplace safer.

## Who's it for?

Relevant to every workplace, the NEBOSH International General Certificate is ideal for managers, supervisors and anybody with health and safety management responsibilities.

It's also perfect for those who want to develop their health and safety career and gives you a stepping stone to success.

## What will I know?

With in-depth focus on the things that matter, the NEBOSH International General Certificate covers the core skills you need, wherever in the world you work. You will learn:

- How to effectively manage health and safety
- How to identify and control common workplace hazards
- How to measure if you've been successful
- Relevant key international standards.

## What will I be able to do?

Risk assessment is central to the qualification. Through study and workplace application, successful learners will be able to:

- Confidently carry out risk assessments
- Develop and implement a detailed action plan
- Manage and minimise workplace risks
- Support and develop your company's health and safety culture

## Transform your career: how will it help me?

The International General Certificate will give you invaluable knowledge and skills AND a globally respected qualification that supports your current role and your long-term health and safety career.

## Transform your workplace: advantages for employers

According to ILO and EU-OSHA research, work-related injuries and illness cost the global economy 3.9 % of GDP worldwide - an estimated €2,680 billion annually.

The NEBOSH International General Certificate equips learners with the knowledge, understanding and skills to help protect the health and safety of your workers. Having IGC qualified workers can help your organisation to:

- Meet international best practice standards
- Reduce workplace injuries and illness
- Improve employee morale
- Demonstrate your commitment to health and safety which could help you win business
- Strengthen your health and safety culture
- Build valuable in-house health and safety expertise

## Course Delivery and Assessment

This qualification can be studied via eLearning or face-to-face with NEBOSH Accredited Learning Partners located around the world. Engaging activities, interactive materials, and structured learning combine to create a dynamic and rewarding experience. The course focuses on developing key practical skills, enabling you to immediately apply your knowledge and make a meaningful impact within your organisation.

There are two unit assessments designed to evaluate what you know and can do:

- Scenario-based assessment
- A practical risk assessment
