University of Hull Masters Degrees
in partnership with NEBOSH

Learning at Masters Level

The University of Hull in partnership with NEBOSH is offering Masters Degrees in Occupational Health, Safety and Environmental subjects.

Who is it for?

The qualifications are open to holders of a NEBOSH Diploma who wish to further their learning in Health and Safety and/or Environmental Management.

Delivered through distance learning, these qualifications are ideal for both national and international candidates wishing to gain a Masters level qualification that complements their career, through workplace based research.

NEBOSH Level 6 National Diploma for Occupational Health and Safety Management Professionals

NEBOSH Level 6 International Diploma for Occupational Health and Safety Management Professionals

NEBOSH National Diploma in Environmental Management

NEBOSH International Diploma in Environmental Management

Master of Science (MSc)

Occupational Health and Safety Management
Occupational Health, Safety and Environmental Management
Environmental Management

Master of Research (MRes)

Occupational Health and Safety Management
Occupational Health, Safety and Environmental Management
Environmental Management

What will I learn?

Both MSc and MRes will cover the following subjects:

- Research methods
- Literature review
- Designing a Research Project

The MSc qualifications have different modules depending on which qualification you choose. These include Advanced Risk Management and Corporate Social Responsibility for Health, Safety, and Environmental Management.

In year two of the MSc you can choose one optional module of the following:

- Disaster and Emergency Management
- Safety Case Production and Assessment
- Mental Health at Work (not an option for all qualifications)
- Flood Risk Management (not an option for all qualifications)

In year two of the MRes qualification you will focus on a research project in your workplace, which draws upon knowledge gained from the first three modules. You will produce a dissertation that presents your findings and conclusions.

How will it help me?

The Masters degrees offered will build directly upon the high-level knowledge provided by our Diploma qualifications and are designed to take you to the next stage in your career. They support the skills and methods required to deliver strategic excellence in occupational health, safety and environmental practice.

These qualifications are ideal for Health, Safety, and Environment professionals looking for a flexible way to continue their academic studies whilst working.

How is it assessed?

The MSc and MRes qualifications are delivered across two years, and we recommend studying for a total of 1,800 hours. These qualifications are delivered exclusively by the University of Hull through distance learning.

The MSc includes 600 hours of recommended study for the MSc Research Dissertation. The MRes includes 12 hours of project supervision face to face or via video call.

MSc Research Dissertation

An online oral assessment (45 mins)

An online presentation (15 mins)

A written Research Dissertation of 12,000 words, including a literature review of 2,500 words

MRes Research Project

An online oral assessment (45 mins)

An online presentation (15 mins)

A written Research Dissertation of 24,000 words, including a literature review of 5,000 words
