# Practical Assessment Submission Technical Learner Guide

## Introduction

We have created guidance documents to help learners prepare for submitting their Practical Assessment.

- **NEBOSH GNC2/GIC2 Learner Guidance**
- **NEBOSH Practical Assessment Submission Technical Learner Guide**

This document – the Technical Learner Guide – focuses on accessing and submitting your Practical Assessment using NEBOSH's online assessment platform.

The Learner Guidance will be available from your Learning Partner.

We recommend that you download and read all relevant documents as part of your Practical Assessment preparations.

Please note: The NEBOSH online assessment platform is used for numerous NEBOSH Assessments. Please ensure you have accessed the correct assessment within the NEBOSH online assessment platform before submitting your Practical Assessment. If you are also registered to complete another unit(s), please contact your Learning Partner for further details

### What is a Learning Partner?

A Learning Partner is the organisation that provides your training course and registers you for your assessments.

# Practical Assessment Submission Technical Learner Guide

## Your Practical Assessment journey

### Registration

Learning Partners administer learner registration. It is important that you provide your Learning Partner with an accurate email address.

### Assessment registration confirmation

You will receive an email confirming that you have been registered to submit your digital assignment.

### Explore the NEBOSH online assessment platform

Approximately eight working days before the submission period opens, a unique username (your username is also your NEBOSH learner number) and temporary password will be sent to the email address you provided. Log in, create a new password and familiarise yourself with the platform. If you have previously taken a NEBOSH online assessment, or submitted a Practical Assessment through the online assessment platform, your login details will remain the same and you will not receive this email.

### Submission period

You will be able to submit your Practical Assessment up to midnight of the submission deadline. Submission deadlines are published on the NEBOSH website [here](#).

### Results

Results will be emailed to you up to 60 working days from the assessment date. The expected date is shown on your confirmation of registration.

## Registering to submit your Practical Assessment

To submit your Practical Assessment, you must register with your Learning Partner for a specific submission date.

At the time of your registration, you must confirm your personal email address. Please make sure you use a personal email address and not a work/company email, as company firewalls can block messages which will result in you not receiving important information. NEBOSH uses the email address registered to your learner record for all communications, including to send you your login for the online assessment platform and your registration details.

### Email one: assessment registration confirmation

Prior to the submission period opening, you will receive an email confirming your registration to submit your Practical Assessment.

### Email two: login details

After you have registered with your Learning Partner, you will receive a login email no later than eight working days before the submission period opens – this will provide you with the login details you need to access the online assessment platform. Please check your email inbox for this email. The email will contain your username (also your learner number) and a temporary password.

When you first log in you will be prompted to change the temporary password. Please keep your username and password details safe, ready for when you need to submit your Practical Assessment.

You will be able to access the NEBOSH online assessment platform, familiarise yourself with the layout and undertake the user tour.

If you have not received this initial login email by the time the submission period opens, please contact the NEBOSH Customer Enquiry Team using the query form in this [link](#).

**Please note:** if you have previously accessed the NEBOSH online assessment platform, you will use your existing login details and will not receive this email. If you have forgotten your details, please see '*Resetting your password*' later in this guide.

### Email three – Submission period open announcement

On the day the submission period opens, you will receive an announcement to notify you that you can log in to the NEBOSH online assessment platform in order to submit your Practical Assessment. This will also confirm the deadline for submission.

### Email four - Submission period closing announcement

On the final day of submission, you will receive a reminder to submit your Practical Assessment so that our Examiners can start the marking process.

## Access problems

If you have difficulty accessing the NEBOSH online assessment platform, please perform the following checks before contacting our Customer Enquiry Team:

- Check your Internet connection
- Ensure you have accessed the correct Online Assessment Platform: <https://learning.nebosh.org.uk>
- Check you are using the correct login (this is case sensitive)
- Try using another browser from the list of compatible browsers in the table supplied on the previous page.

## Still need help?

If you are unable to access the platform, please contact our team using the details below and we will be happy to help you.

- **Contact us**
- 'Live chat' via our website [www.nebosh.org.uk](http://www.nebosh.org.uk)

**Please Note:** during submission periods, you may not get an immediate response, but we will endeavour to assist you as soon as possible.

### Tip

We recommend that you log in, change your password, and familiarise yourself with the platform before the submission window opens.

## Before the submission deadline

### Technology requirements - Internet connection

The submission of a Practical Assessment will need to happen in the NEBOSH online assessment platform within a specified time period. You can submit your Practical Assessment at home so long as you have a suitable Internet connection.

The NEBOSH online assessment platform is compatible with the following browsers:

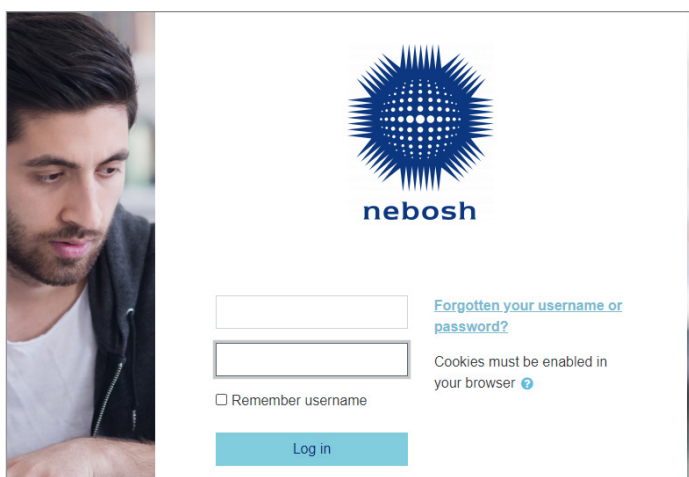

Desktop	Mobile
Chrome Firefox Safari Edge Internet Explorer	Mobile Safari Google Chrome

For the best experience and optimum security, we recommend that you keep your browser up-to-date.

## Using the online assessment platform

Once you have completed the registration process and changed your password, you will be able to access the NEBOSH online assessment platform at any point during the submission period.

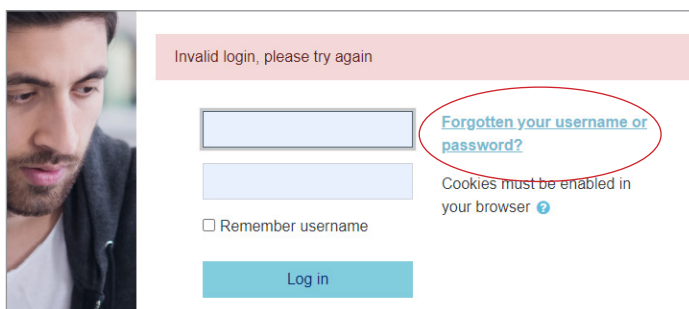

### How to log in

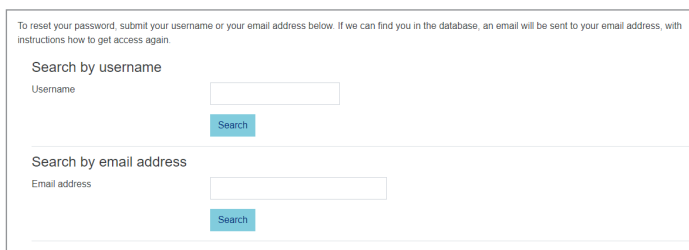

Use your username or registered email and the new password you created to log into the NEBOSH online assessment platform at: <https://learning.nebosh.org.uk>.

### Resetting your password

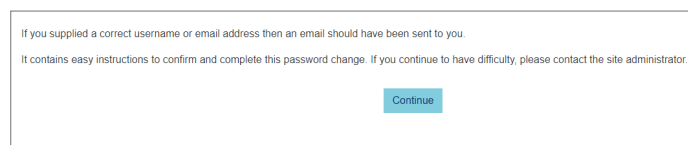

If you are unable to log in or are having issues with your password, click on the “Forgotten your username or password?” link.

You can either search by your username or email address registered. **Remember:** your username can be found in the login details email that was sent to you and is the same as your learner number.

This will then send a password reset link to your registered email address.

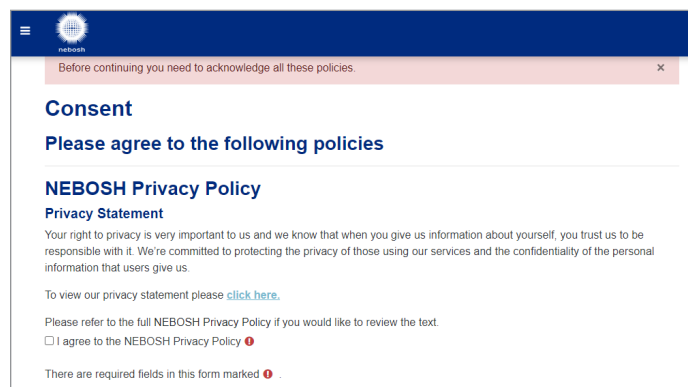

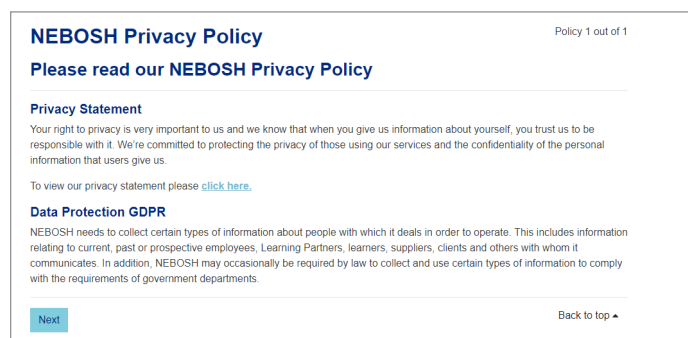

If you have not received your reset password email, please check your junk folder and allow at least ten minutes for the email to come through. If you still have not received it please [contact NEBOSH](#).

If you have previously accessed the NEBOSH online assessment platform, then you will use your existing login details. If you have forgotten your password, select ‘Forgotten your username or password?’. Your username is your learner number.

Please remember the submission deadline will be UK local time, so if you are submitting your Practical Assessment outside of the UK you will need to make sure you consider any time zone differences. Please find a world clock [here](#).

When you log into the NEBOSH online assessment platform you will see the unit you have been registered for.

During the submission period, once you click onto the required unit, you will find the relevant Learner Guidance, Technical Learner Guide and the Practical Risk Assessment template, which will assist you with your submission.

**Please note:** the file size limit is 100MB in total. The system cannot accept anything that exceeds this. As per the guidance, you should only upload one Practical Assessment.

## Submitting your Practical Assessment

It is strongly recommended that you do not leave it until the deadline to upload your Practical Assessment, as delays may be experienced due to the high volume of learners accessing the platform.

Before submitting, ensure that the name/number of your Learning Partner is not shown anywhere in the Practical Assessment.

Include your NEBOSH learner number on each page of your Practical Assessment.

**Please note:** You must ensure your Practical Assessment is completed in the language you were registered to.
